D*I awoke **C***today and found
 the frost perched on the **D***town
 It **C***hovered in a **D***frozen sky
C*then it gobbled summer **D***down
[G]When the sun turns **[F]**traitor cold
 and **[G]**all the trees are **[F]**shiverin' in a **[A]**naked row **[Asus4]** **[A]**

D*I get the urge for **C***going
 But I never seem to **D***go **D***
 I **[C]**get the **[G]**urge for **[D]**going **[Dsus2]** **[D]**
 When the **[C]**meadow **[G]**grass is **[D]**turning **[Dsus2]**brown **[D]**when
[C]Summer**[G]**time is **[D]**falling **[Dsus2]**down **[D]** And **[D]**winter's **[Am]**closing

I **D***had me a man in **C***summertime
 He had summer-colored **D***skin
C*And not another **D***girl in town

C*My darling's heart could D*win
But [G]when the leaves fell [F]on the ground
[G]And bully winds came [F]around, pushed them face-[A]down in the [Asus4]

D*He got the urge for C*going
And I had to let him D*go D*
He [C]got the [G]urge for [D]going [Dsus2] [D]
When the [C]meadow [G]grass was [D]turning [Dsus2]brown [D]
When [C]summer[G]time was [D]falling [Dsus2]down And [D]winter was [Am]

Now D*the warriors of C*winter
They gave a cold triumphant D*shout
C*And all that stays is D*dying
C*All that lives is D*getting out
[G]See the geese in [F]chevron flight
[G]Flapping and [F]racing on [A]before the snow [Asus4] [A]

They D*got the urge for C*going
And they got the wings so they can D*go D*
They [C]get the [G]urge for [D]going [Dsus2] [D]
When the [C]meadow [G]grass is [D]turning brown [Dsus2] [D]
[C]Summer[G]time is [D]falling [Dsus2]down [D]And winter is [Am]closing [D]

I'll D*ply the fire with C*kindling now
I'll pull the blankets up to my D*chin
C*I'll lock the vagrant D*winter out and
C*I'll bolt my wandering D*in
I'd [G]like to call back [F]summertime
[G]Have her stay for [F]just another [A]month or so [Asus4] [A]

But she's D*got the urge for C*going now
So I guess she'll have to D*go D*

She [C]gets the [G]urge for [D]going [Dsus2] [D]
When the m[C]eadow g[G]rass is t[D]urning brown [Dsus2] [D]
And [C]all her [G]empire is [D]falling [Dsus2]down
[D]And winter is [Am]closing [D]in

And I [C]get the [G]urge for [D]going [Dsus2] [D]
When the [C]meadow [G]grass is [D]turning brown [Dsus2] [D]
And [C]summer[D]time is [D]fallen down.[Dsus2] [Dsus2]
