Music-Sonny and Cher

F

Words-Paulette

**[F] (throughout)**

Intro bass, then start strumming on F

And the heat goes on, the heat goes on  
Electric bills are going through the roof  
La de da de de, la de da de da

All the plants are turning brown, uh uh  
Everybody wears a frown, uh uh  
Only sound is AC roar, uh uh  
Eat some ice and then you just want more, uh uh

And the heat goes on, the heat goes on  
Electric bills are climbing to the sky  
La de da de de, la de da de da

All we do is pray we get some rain  
Heat is making bubbles in my brain  
Go outside for long you'll get a stroke  
Indexed heat is really not a joke

And the heat goes on, the heat goes on  
Electric bills are flying to the moon  
La de da de de, la de da de da

Swimming pool's the only hope, uh huh  
Don't know how we're going to cope, uh uh  
Global warming's not a lie, uh huh  
Doesn't help to sit and wonder why, uh huh

And the heat goes on, the heat goes on  
Electric bills are shooting to the stars  
La de da de de, la de da de da

And the heat goes on, yes the heat goes on  
And the heat goes on and the heat goes on and on and on  
The heat goes on  
And the heat goes on
